NOTICE TO SUBSCRIBERS.

All supporters of Queen Charlotte's Hospital are cordially invited to visit the Hospital and acquaint themselves with the extensive work it carries on. If possible an appointment should be made.

The Committee of Management greatly appreciate the value of your direct contribution to the work. To those subscribers who have not realised the advantages of entering into a promise to pay their subscription for a period of seven years, they wish specially to point out that by doing so they can increase the value to the Hospital of their subscription by over 30% without any additional cost to themselves. The mere signing of a simple form by you will enable the Hospital to recover from the Inland Revenue the proportion of Income Tax chargeable to the amount of your subscription. You pay the tax in any event, but your signature will mean that the tax is given back to the Hospital, instead of being retained by the Inland Revenue.

The form will be sent by the Secretary, who will take all the other steps necessary for recovery of the tax.

Examples of the increased value of your subscription are given below.

BUILDING THE NEW BLOCK.

198th REPORT

OF THE

COMMITTEE OF MANAGEMENT

The Committee have pleasure in presenting their Annual Report on the work of the Hospital during the past year.

The demand for In-Patient treatment continues to increase yearly, whereas there is a decrease in the number of patients delivered in their homes on the Hospital Districts. This tendency is common to all Maternity Hospitals.

It is too early to express an opinion as to the effect of the new Midwives Act, 1936, the object of which is to improve the status of the midwife and to provide a domiciliary service of salaried midwives throughout the country.

REBUILDING.

It was reported last year that work would be started on the rebuilding of the Hospital during 1936. Some modification on the size of the first block has been found necessary.

The building has been increased in size, and will now comprise a full capacity of 112 beds, including 14 private wards for patients of moderate means. It will still be necessary to utilise part for accommodating some of the Nursing Staff, as sufficient funds are not yet available to commence the Nurses' Home. This is perhaps the greatest problem confronting us at this stage because it is necessary to utilise a portion of the patients' accommodation for the Nurses. From the economic point of view the result is to delay the final transfer of the Hospital into one self-contained unit, with a sufficient number of beds to meet the demands for admission. Furthermore, while the Hospital must be run in two large sections some miles apart, the costs of maintenance and administration are bound to be heavy. From the practical aspect, it is impossible to provide as a temporary measure, the standard of accommodation that our Nurses deserve. Work on the new block is progressing satisfactorily, and it is hoped that the building will be ready for occupation in the early months of 1938.

The site has now been fully paid for, and the first stage of the complete scheme, namely, the Isolation Block and Research Laboratories, has been completed at a cost of £146,500.

The next stages, of which the first is now in hand, are as follows :—

Western Wing, 112 beds, £98,000.

Nurses' Home and Students' Hostel, £50,000.

Wards, comprising 130 beds including Private Wing, Out-Patient Department and ancillary services, £144,500.

The funds required for the present stage have been raised by means of a loan of up to £60,000 on a Building Mortgage, and by the proceeds of the Rebuilding Appeal, while part of the funds required for subsequent stages will be met by the sale of the Marylebone site. This will be sold as soon as the necessary sums are available to provide sufficient beds at Hammersmith to enable the transfer of the Hospital to be made and the accommodation for the Nursing Staff to be provided.

IN-PATIENTS.

The number of In-Patients dealt with during the year is the highest in the history of the Hospital, namely, 3,004. Of these 2,247 were treated at the main Hospital, 428 at "Invermead," and 329 at the Isolation Block. Of this number 130 patients were single women with their first child.

In the table of relative mortality rates set out below, "booked" cases comprise those who have at any time attended the Ante-Natal Department or have been seen by the Medical Staff before admission, and "emergency" cases are those sent in by outside doctors or midwives where there is some complication of labour, frequently very critical.

<i>Deliveries</i>	<i>Number</i>	<i>Number of Deaths</i>	<i>Rate per 1,000</i>
Booked, Marylebone Road ...	1,922	4	2.08
„ "Invermead" ...	410	Nil	Nil
„ District ...	1,217	Nil	Nil
<hr/>			
Booked general rate ...	3,549	4	1.13
<hr/>			
Emergencies ...	173	9	52.3

Of the above emergency admissions three deaths were of patients undelivered.

AUXILIARY HOSPITAL "INVERMEAD."

The number of patients admitted was 428, as against 359 in the previous year, the drop in that year having been caused by the cancellation by the Hammersmith Borough Council of their agreement to occupy 10 beds. The beds have been kept fully occupied by our own patients, though receipts from this source have in consequence been diminished.

DISTRICT OUT-PATIENTS.

The Hospital Districts serve the Boroughs of St. Marylebone, Paddington, Kensington, Willesden and Hammersmith. 1,217 patients were delivered by the Hospital midwives in their own homes, compared with 1,332 in 1935. 30,233 visits were paid to these patients. No death occurred throughout the year.

ANTE-NATAL DEPARTMENT.

The attendances at the Ante-Natal and Post-Natal Centres at the Main Hospital and at the Hammersmith and Kensington District Homes numbered 26,538 in respect of 4,146 patients. These centres are attended by both In-patients and District Out-patients, also by cases sent for consultation by outside doctors and midwives.

INFANT CONSULTATION CENTRE.

The services provided by this department continue to be well recognised as being a valuable centre for the treatment and advice for children up to 5 years. Attendances numbered 2,949 in respect of 210 new patients. It further makes a valuable contribution to the instruction of our Nurses.

ISOLATION BLOCK AND BERNHARD BARON MEMORIAL RESEARCH LABORATORIES.

In the Report for 1935 it was announced that a new method of treatment of puerperal sepsis, by means of a drug which had been recently introduced in Germany, was being investigated. Experimental work in the Laboratories showed that there was good hope that the claims made for this drug, which is called "Prontosil," were well founded, and treatment of patients was begun in February, 1936. The treatment has only been used for patients infected by one particular microbe—the hæmolytic streptococcus—but these are the patients which have always formed the great majority of our severe and fatal cases. Between January and August, out of 85 hæmolytic streptococcus infections, 64 of which were treated with prontosil, there were only three deaths, a mortality rate of 3.5 per cent. When it is remembered that the mortality rate for such cases from the opening of the Isolation Block to the end of 1935 was 22.2 per cent, it will be seen that the results obtained during the year give us hope that a means is now in our hands by which these dreaded infections can be effectively controlled.

Since August, a slightly different form of drug has been used. Work carried out in the Laboratories has shown that

the action of Prontosil is probably due to the formation from it in the body of a simpler substance. We have also found that this simpler substance gives the blood of the patient a much greater power of killing hæmolytic streptococci. For these reasons, among others, this new drug is now being used.

While it is still too early to give any definite results, our low death rate is being fully maintained. Meanwhile work has been going on steadily in the bio-chemical and bacteriological departments to solve the many problems regarding the way in which these new curative substances act. In addition to two mainly clinical reports published in "*The Lancet*," there have been two papers published on this more theoretical aspect of the investigation, and much work is still in progress.

The methods mentioned in the last report by which the potentially dangerous streptococci can be distinguished from the relatively harmless types have now become part of our ordinary routine in the Laboratory, and we are now prepared to undertake such an investigation for any medical practitioners and public authorities who may require it. There has been a satisfactory response from various parts of the country, as a large number of swabs have been sent for investigation. By this means it is possible to determine whether a nurse or doctor, thought to be harbouring hæmolytic streptococci in the throat, can safely attend a woman in labour or not.

The weekly lectures and demonstrations for students and post-graduates attending courses at the Main Hospital have been well attended during most of the year.

We are sorry to have to report the loss of two of our staff. Dr. Ronald Hare, who has been in the Laboratories since their inception, left in August to take up a post at the Connaught Laboratories, Toronto, and Dr. Elizabeth White, who joined us in July, 1931, left in December on the appointment of her husband to a post in New Zealand. Dr. E. D. Hoare has joined the Laboratory staff in place of Dr. White.

ANAESTHESIA FOR PATIENTS.

This service shows a progressive advance. While for some years every patient in the Main and Auxiliary Hospitals has received an anaesthetic during labour, it has not in the past been possible to extend this fully to the Districts under the regulations hitherto enforced by the Central Midwives Board, and because of the difficulty of suitable apparatus.

The alteration of the Central Midwives Board rules rendering it possible for midwives to administer gas and air under suitable conditions has, however, now made the desired extension possible. A portable form of gas and air apparatus has been designed, and is now in use in the Kilburn district. It is hoped shortly to find a means whereby it may be put

ISOLATION HOSPITAL, RAVENSCOURT SQUARE.

into use on all districts. In this connection we are much indebted to Mr. L. C. Rivett, F.R.C.S., for the work and tests carried out by him, and to the National Birthday Trust Fund for the financial assistance rendered in the provision of machines. It is recognised that the cost of providing this service will be considerable, but it is eminently desirable. The Committee appeal strongly to all friends of the Hospital to help to maintain this service by contributions to the Anaesthetic Fund.

MIDWIFERY TRAINING SCHOOL.

The Report of the Midwifery Training School is on page 18. 131 Pupil Midwives sat for the Central Midwives Board Examinations, of which 7 failed. The percentage of failures, 5.3%, compares with 28.6% over the whole country.

PRIVATE NURSING STAFF.

The services of our Private Nurses have again been in good demand, 356 cases having been attended.

LADIES' ASSOCIATION.

The Ladies' Association, whose report is on page 22, have again rendered great service both by direct contributions of linen and furniture to the extent of £473 9s. 9d., and by active support of the Appeal Department's activities. The Committee again have pleasure in recording their gratitude for the Association's help.

DRESDEN ASSISTANCE FUND.

This fund is applicable only to the relief of In-patients. Help is given in the form of grants for coal, milk and food, and in the provision of dentures and other surgical necessities, and by the maintenance of patients in Convalescent Homes. 301 poor patients were assisted in these ways.

SAMARITAN FUND.

This fund is set aside for the relief of District Out-patients, who are in many cases most needy. The fund is very small and is, therefore, unable to afford relief to very many cases where relief is deserved. The sums received for this fund last year amounted to £70 18s. 7d., and expenditure to £66 8s. 5d.

HONORARY MEDICAL STAFF.

Mr. H. G. Arthure, F.R.C.S., M.C.O.G., was appointed 5th Ante-Natal Medical Officer.

The Medical Committee appointed the following gentlemen to serve as their representatives on the Committee of Management for 1937 :—

Mr. Louis C. Rivett ; Mr. C. S. Lane-Roberts.

THANKS TO STAFF.

The Committee again wish to record their gratitude for the great services rendered by the Honorary Medical Staff in the carrying out of their heavy duties, also to the Matron and Nursing Staff for their devoted work during the year.

FINANCE.

The Balance Sheet and Income and Expenditure Account will be found on pages 32 to 39. It will be seen that the item of Loan on Mortgage, £7,500, re-appears this year. This represents advances on Building Mortgage in connection with the rebuilding. These advances, up to a maximum of £60,000 will be taken up from time to time, as required. It is anticipated that £30,000 will be needed during 1937, and the balance early in 1938.

Maintenance Income is shown at £37,547 4s. 5d., as against £38,562 11s. 9d. last year, a net decrease of £1,015 7s. 4d. The actual fall in ordinary Maintenance Income is, however, considerably heavier, since a sum of £8,359 0s. 5d. has been taken from Entertainments, compared with £5,295 3s. 2d. Therefore, excluding the income from special efforts, ordinary income at £29,188 4s. shows a decrease of no less a sum than £4,079 4s. 7d. compared with 1935.

The items in which decreases have occurred are as under :—

	£	s.	d.
Annual Subscriptions	44	5	6
Donations	1,617	7	9
Gifts in kind and other Voluntary Gifts	509	13	2
Central Funds	450	0	0
Patients' Payments and Services			
Rendered	1,417	5	7
Invested Property and Rents	179	9	10
Legacies	502	14	8

The Committee view with concern the heavy drop in Donations and also in Annual Subscriptions, and most earnestly appeal for increased support by direct contributions.

Advances in the cost of living in general, and particularly of the standard of treatment, are progressively heavier. The cost of the facilities provided by the unique combination of Research Laboratories and Isolation Block at Hammersmith can never be covered by making this unit self-supporting (the average working deficit being approximately £5,000 per

annum, which must be raised from voluntary sources), but their value is not measurable in terms of this additional monetary burden voluntarily undertaken by the Hospital. The results that are beginning to show from this work are reported on page 13, and the Committee rely confidently upon the support of all who realise the meaning of this hard-won success.

Total expenditure at £37,528 6s. 7d. shows an increase of £728 14s. 2d. over 1935. The greater part of this increase is in respect of :—

(1) Surgery and Dispensary	...	£112
(2) Domestic	377
(3) Salaries and Wages, Maintenance		620
(4) Miscellaneous	76
(5) Provisions	97

£1,282

The increase in the largest item is due partly to increases in wages through the demolition of the Staff flats to clear the site for rebuilding, and to scale increases in Nursing and other salaries. On other items it is due directly to the treatment of a larger number of In-patients. On the other hand, the charges for Administration, Establishment and Finance are less by £730.

APPEAL DEPARTMENT.

The Report of the Appeal Department will be found on page 25.

The sums raised through this Department have been allocated as under :—

			£	s.	d.
Rebuilding	11,406	16	9
Maintenance	8,359	0	5
Research	4,062	9	4

RULES

1.—That the Association be called the “Ladies’ Association of Queen Charlotte’s Hospital” and consist of Ladies willing to promote the objects of the Institution by

- (a) Spreading a knowledge of the claims and needs of the Hospital.
- (b) Obtaining increased financial support for the Hospital.
- (c) Obtaining gifts of Ward Linen, clothing for the use of mothers and infants in the Hospital, vegetables, fruit, flowers, poultry, game, eggs, etc.

2.—Candidates must be proposed by Members of the Association, and Ladies desirous of joining the Association are requested to send in their names to the Secretary.

3.—Members of the Association shall either

- (a) Subscribe 5/- annually to the funds of the Association and provide some garments of regulation pattern and material for the use of the Hospital patients.
- or (b) Subscribe 21/- annually to the funds of the Association.

All Subscriptions shall be paid, and all gifts of linen and clothing be sent to the Hospital not later than the 15th November in each year.

4.—If any Member shall be in arrear with her subscription for two consecutive years, after due notice has been given, she shall cease to be a Member of the Association.

5.—There shall be a President, an Honorary Treasurer, one or more Honorary Secretaries, a Secretary, and such other Officers as may be decided by the Executive Committee, and such Officers shall be elected annually.

6.—The Secretary of the Hospital for the time being shall act as the Secretary of the Ladies' Association.

7.—An Annual Meeting of Members of the Association shall be held in the month of January or February, when reports shall be made as to the subscriptions and gifts received during the year. A special Meeting may be called at any time by the President, or at the request of not less than 20 Members.

8.—There shall be an Executive Committee consisting of not more than 45 nor less than 10 Members elected annually. The Executive Committee shall have power to co-opt Members to fill vacancies that may occur. Five Members shall form a quorum.

9.—A Banking Account shall be opened at the Martin's Bank Ltd. (Cocks, Biddulph & Co. Branch), 16 Whitehall, S.W., in the name of the Ladies' Association of Queen Charlotte's Hospital and all monies received be paid into this account. All cheques shall be signed by the Treasurer and countersigned by the Secretary of the Association.

10.—The accounts of the Ladies' Association shall be audited annually and a statement be submitted to the Committee of Management as soon after the 31st December as possible, so that they may be included in the Annual Report of the Hospital.

11.—The Association shall have power to alter and add to these rules, subject to the approval of the Committee of Management.

12.—The Association and the work of Members of the Association within the Hospital shall in all respects be subject to the control of the Committee of Management.

QUEEN CHARLOTTE'S HOSPITAL LADIES' ASSOCIATION.

The Executive Committee have pleasure in presenting their Report on the work of the Association during the past year.

The financial position of the Association continues to be satisfactory, the balance of cash in hand at the end of the year being £2,089 16s. 11d., as against £1,147 10s. 7d. This result is due partly to the conservation of resources with a view to making a special contribution towards the expenses of fitting up the new wing of the Hospital now being built, and to the fact that the receipts from the Cracker Sale arranged last year by Mrs. Cecil Raphael, were brought into this year's account's. The sums produced by this Sale and by the Popular Ball, again organised by Mrs. Cecil Raphael, amounted to £231 16s. 10d., and £340 respectively. The best thanks of the Committee are due to Mrs. Raphael and her friends for these so excellent results.

The Stork Club, which was organised by Mrs. Wybŭrd, to provide garments for the poorest mothers, started early in the year. During the year the membership has more than trebled, and 1,810 articles of clothing have been sent to the Hospital during this one year. When it is remembered that all the members of the Club are working women, and that these garments are made in their spare time, these are remarkable results. The Committee wish to afford their sincere thanks to Mrs. Wybŭrd and her Committee for this invaluable help.

On Alexandra Day the Association, as usual, organised districts for the sale of roses, and the sales were considerably increased over past years. It is satisfactory to report that the Alexandra Day Fund increased their grant to £450.

Mrs. Hugh Ryder and Mrs. Uzielli were appointed to serve on the House Committee of the Hospital as representatives of the Association.

The total Income for the year amounted to £1,248 6s. 5d. Annual subscriptions totalled £198 3s. 1d., a small increase over the previous year. The value of these direct contributions to the funds cannot be over-estimated, and the Committee therefore earnestly appeal to members to assist by obtaining fresh members of the Association, who are thereby brought into direct contact with the activities of the Hospital.

The demand on the services of the Hospital continue to expand, and are being met by the extension of the Hospital at Hammersmith, the building of which has been commenced. With the completion of the first wing, which will make a further 82 beds available, the maintenance expenditure will

also expand ; new supporters must therefore be found to enable us to give the same measure of help as in the past.

Particulars of the Income for the past three years are given below :—

BERNHARD BARON MEMORIAL LABORATORIES.

REPORT OF THE APPEAL DEPARTMENT

FOR THE YEAR ENDED 31ST DECEMBER, 1936.

NATIONAL COUNCIL OF QUEEN CHARLOTTE'S MOTHER-SAVING CAMPAIGN.

The Annual Meeting was arranged for December 9th, under the chairmanship of H.H. Princess Marie Louise, at 10 Downing Street, by kind permission of Mrs. Stanley Baldwin, but in consequence of the Constitutional crisis it was decided to defer the Meeting until the spring of 1937.

9TH QUEEN CHARLOTTE'S BIRTHDAY BALL.

Despite Court Mourning—which prevented the observance of the rule that the Birthday Cake be cut by a direct descendant of Queen Charlotte—the Ninth Birthday Ball on May 18th was an even greater success than its predecessors. H.R.H. the Duchess of Kent, who was to have performed the cake-cutting ceremony, deputed the Joint Vice-Presidents (the Marchioness of Titchfield, the Countess of Bessborough and the Countess of Ellesmere) to act for her. The Maids of Honour numbered 195, and the Maids in Waiting 70 (1936 and 1935 débutantes, respectively), and 1,340 guests attended the Ball, which raised £1,961 9s. 8d. net.

4TH GALA CELEBRITY CONCERT.

This, the fourth of a series of annual concerts which have gained a definite place in London's musical calendar, took place at the Queen's Hall on May 25th, and was very largely attended—it yielded £977 7s. 9d. for the Hospital. The artists were Madame Elena Gerhardt, Madame Tina Lemnitz (these two appearing in place of Madame Lotte Lehmann, who was unable to leave Vienna through illness), Madame Raya Garbousova and Mr. Arthur Rubinstein.

BALL IN THE ZOO.

We were exceptionally fortunate in obtaining the permission of the Council of the Zoological Society of London for a Ball to be held in their gardens in Regent's Park on July 7th, for the originality of the venue and the fact that it was alfresco made it a very great attraction. We were fortunate, too, in having a fine evening. Over 1,200 guests were present, and the net proceeds amounted to £1,407 10s. 4d.

2ND GALA BALLET PREMIÈRE.

Held at Sadler's Wells on November 10th, by the kindness of Miss Lilian Baylis and the Governors of Sadler's Wells, this was a very successful entertainment, and was the more notable since the programme included the first performance of a Ballet (*Nocturne*) based upon the Symphonic Poem, *Paris*, by Delius. The theatre was crowded to its fullest capacity, and the Gala resulted in a net profit of £1,041 for the Hospital, with a further £22 to be included in 1937.

THE VIRGINIA BALL.

A fifth successful entertainment in aid of the Hospital was held at Grosvenor House on December 16th—the Virginia Ball. Nearly 1,000 people attended, including the American Ambassador and Mrs. Bingham, who received the company, and many of the leading Americans and Anglo-Americans in London. A menu reminiscent of the Southern States had been designed, and during the evening the guests danced to the music of a band playing in New York—the first time that music had been relayed from America direct to a London ballroom. The Hospital benefited to the extent of £1,646, with a further £75 to be included in 1937.

ENTERTAINMENTS.

It will be noted that no less than £7,033 4s. 6d. net was raised for the Hospital by the five social events mentioned above, and it is impossible to over-estimate the value of the help given by Lady Howard de Walden in the launching of each entertainment—the warmest thanks are due to her and also to the hundreds of ladies who worked so enthusiastically to achieve these results. Many of these latter have been active members of our entertainment committees in a time when such membership called for exceptionally hard work not only in selling tickets, but also in obtaining advertisements in the various programmes, disposing of ballot tickets, giving and securing donations, and in the many incidentals to successful entertainments.

CRADLE DAY.

Although the influenza epidemic led to numbers of promised helpers having to disappoint us at the last moment, our Sixth Cradle Day on October 6th was a highly successful effort, the net surplus being £1,551 14s. 11d. as against £1,411 1s. 10d. in 1935. In its six years, Cradle Day has raised over £8,000 for the Hospital, and most grateful thanks are offered to the many ladies who, as depôt holders, sellers, or in other capacities have worked so hard and so effectively

in making Cradle Day a really popular appeal. Again in 1936, the Matron and all the Nurses who could be spared, rendered splendid service.

Cradle Day owes much of its success to the active and energetic work of Lady Benn and Lady Jowitt, Chairman and Vice-Chairman, respectively, of the organisation.

RED CRADLE COLLECTIONS.

During 1936 Box Collections increased notably from £419 17s. 2d. in 1935 to £533 14s. 4d.

It is interesting to record that since the Red Cradle Collecting Boxes were instituted in 1927, they have been the means of raising £6,000—a highly satisfactory figure when it is remembered that such collections are almost entirely in coppers.

DONATIONS.

Bearing in mind that many large donations were given at the end of 1935 in connection with the Festival Dinner on November 26th, when the many friends of Queen Charlotte's Hospital responded so generously to the appeals made by the then Duke of York and Admiral of the Fleet Earl Beatty, it is natural that this should be reflected in the figures for 1936. A guest at the Dinner, who desires to remain anonymous, was able, however, early in 1936, to secure the allocation of £1,000 from the estate of a deceased relative.

During the year under review, important contributions were received from the following :—

Exors. of the late James Gardiner (Legacy)	...	£500	0	0
Gas Light and Coke Company	150	0	0
The Worshipful Company of Merchant Taylors				
(2nd moiety of special grant of £210)	105	0	0
Miss M. Marks	100	0	0

LOCAL EFFORTS.

Excellent work has been done during 1936 by the Local Social Committees in Hammersmith and St. Marylebone—these form a most important link between the Hospital and the very large public that cannot afford to support the more expensive West End functions. In the course of the year, 14 whist drives, 6 dances and 2 concerts were given, in addition to a film party, a garden party, a dinner, a bridge drive and a tea party.

The Hammersmith Local Committee contributed a further £180 towards the endowment of a cot, bringing the total raised for this purpose up to £310.

The St. Marylebone Local Committee remitted another £100, also towards endowing a cot, their total now being £225.

Both Committees assisted in the distribution of 1,500 Christmas Stockings, and also raised a substantial sum through local box collections.

A Local Committee has now been established in Kensington under the patronage of Lady Seligman, Sir Charles Seligman acting as Hon. Treasurer. The new Committee is too recent an institution for any remittance towards the funds of the Hospital or towards endowment to have been possible, but the members are keen and active, and there is little doubt but that they will form as valuable an organisation in the Royal Borough as their counterparts in Hammersmith and St. Marylebone.

The Hospital is under a great debt of gratitude to these Local Committees, not merely for their financial help, but also for the work they accomplish in maintaining local interest in what is in each instance a leading local Institution.

Ante-Natal Department.

The Ante-Natal Department is intended for patients who are coming into the Hospital or to be attended by the Hospital in their own homes. Applicants for In-Patient or Out-Patient treatment may attend on any week-day, except Saturday, at 9 a.m.

Other patients sent by Doctors or Midwives for examination are also eligible and should attend on Tuesday, Thursday or Friday, at 9 a.m.

Post-Natal Department.

Post-Natal Clinics for In and Out-Patients are held at the Hospital on Friday at 2 p.m., Kensington Out-Patient Department on Tuesday at 3-45 p.m., and Hammersmith Out-Patient Department on Thursday at 3 p.m.

Infant Consultation Centre.

Similarly the Infant Consultation Centre is open to all children from infancy to the age of five years. The days and hour of attendance are Mondays and Tuesdays at 2 p.m.

PRIVATE NURSING STAFF.

A certain number of certificated Maternity Nurses and Midwives trained at Queen Charlotte's Hospital reside at the Nurses' Home and are available for private cases on application to the Matron by letter, telegram or telephone.

TELEPHONE—AMBASSADOR 2266 (3 lines).

(1) The fees for the case are payable to the Nurse and in addition she must be paid her railway, cab and other travelling expenses, and an allowance of 3/6 per week for washing.

(2) Nurses must wear dresses of a washing material during the whole time of their attendance.

(3) Nurses must carefully carry out all the instructions of the Patient's Medical Attendant, and do everything possible for the comfort and well-being of the patient and infant. Everything in the sick-room should be kept scrupulously clean and orderly.

(4) Nurses are enjoined to hold sacred the knowledge they obtain of the private affairs of the family in which they are engaged and to adapt themselves as far as possible to the usages of the household.

(5) While the Committee will use every endeavour to supply only thoroughly trained and suitable nurses, they will not be responsible for any failure on the part of the Nurse to carry out her duties in a satisfactory manner.

(6) The Matron will be glad to receive reports from those engaging Nurses trained at the Hospital. Such reports will be treated as confidential.

(7) Ladies and Doctors wishing to engage the same Nurse again or to recommend her are desired to do so through the Matron of the Hospital.

REGULATIONS FOR PATIENTS.

IN-PATIENTS

- 1.—Married women, single women with their first child only, and widows giving birth to posthumous children, irrespective of religion and nationality, are eligible for admission.
- 2.—Patients are admitted by a letter of recommendation from a Governor or Subscriber, or by direct application to the Hospital.
- 3.—Every patient must attend at the Hospital to have her name entered on the Register, and receive from the Secretary an order for admission, or for a midwife to attend her, as the case may be.
- 4.—A patient is only admitted when in labour, and must bring with her a suit of clothes for her child when leaving, the Hospital providing the necessary linen during her stay.
- 5.—All mothers are required, when capable, to nurse their infants whilst in the Hospital.
- 6.—All children born in the Hospital will be vaccinated before leaving, unless objection is made by the parent.
- 7.—The Visiting Day is Wednesday, between the hours of three and four p.m., when patients, if well enough, are permitted to see Visitors from the fifth day.
Only one visitor is allowed each day, and the duration of the visit may not exceed half-an-hour. Children cannot be admitted.
Husbands only may also see their wives on Sundays between three and four p.m., subject to the above conditions.
- 8.—No patient is admitted suffering from any infectious disease ; if found to be so she is to be removed as soon as possible.
- 9.—Every patient is discharged by the Obstetric Surgeons, her length of stay in the Hospital being determined by her condition. Before leaving, the Committee satisfy themselves that each patient has had no reasonable cause of complaint. Upon this a letter of thanks is issued to the recommending Subscriber.
- 10.—All patients—both In and Out—who are able to do so, shall be invited to contribute something, according to their means, towards the funds of the Hospital, subject to such Rules as the Committee of Management may make from time to time.

OUT-PATIENTS

- 1.—All married women, and widows giving birth to posthumous children, living within the Hospital District, are eligible for attendance at their own homes by a midwife.
- 2.—Every patient must attend at the Hospital after her convalescence to return thanks, and to satisfy the Committee as to her treatment.

GIFTS.

The Committee of Management gratefully acknowledge the receipt of the following gifts during the year 1936.

Gifts of old Linen and babies' clothing for the Out-Patients and their infants are earnestly solicited. It is desired that all presents may be accompanied by the Names and Address of the Donor and addressed to the Matron, that she may acknowledge them.

The Matron will gladly give particulars as to the most suitable articles for the patients.

Gifts of books for the patients' library and flowers for the wards are also solicited, and will be most thankfully acknowledged.

H. B. STOKES, *Secretary-Superintendent.*

Queen Charlotte's Maternity Hospital

MARYLEBONE ROAD, LONDON, N.W.

Named Infants' Cots

The first Cot to be named was the "Alastair," after the son of H.R.H. Princess Arthur of Connaught

For a gift of **£105** the Committee of Management will be pleased to name an Infant's Cot in perpetuity

It is hoped that this method of commemorating the birth of a child and helping the Hospital in its present urgent need may appeal to many.

The following Cots have been named:—

QUEEN CHARLOTTE'S HOSPITAL

BLOCK PLAN.

SCALE 100 50 0 100 200 feet

STANLEY HALL & EASTON & ROBERTSON F.F.R.I.B.A.

NORTH ELEVATION OF MAIN BUILDING

The future Queen Charlotte's in Hammersmith will have 184 public, 24 ante-natal, and 32 private beds, complete theatre suite, lecture-room and X-ray department. The New Students' Hostel and Nurses' Home will be built near-by, while the research laboratories and isolation hospital are already adjacent.

The present building in Marylebone, dating from 1856, will be sold when funds render the final removal to Hammersmith possible.
